

**Stand up for the men and women of the Houston Fire Department who stand behind us.
A message to my neighbors from Council Member Sue Lovell.**

Dear Neighbor,

I can not vote for someone who talks to our firefighters this way:

“Jeff Caynon [President of the Houston Professional Firefighters Association], who is African-American, said in the letter that [Jolanda Jones] crossed a line in the meeting when she **referred to him as a “house Negro”** only interested in keeping his job.”

Houston Chronicle, July 24, 2009

I respect the women and men in our fire department who risk their lives to save our homes and our lives and believe it is unprofessional and disrespectful for someone to speak to them this way especially if you are a council member.

I am asking you to stand with me as I stand with our firefighters.

Respectfully,

Sue Lovell

City Council Member, At-Large, Position 2
